

Navarati – Nine days of Worshipping the Divine Mother

THE CONSCIOUSNESS IN THE FORM OF MOTHER has come out so that on seeing her & enjoying her Puja there will be a sympathetic vibration in our hearts & the individual consciousness is aroused. After finishing the work she goes back. But our aroused consciousness may again go into slumber. So she comes again next year - This repeated attacks may raise the KUNDALINI to a state wherefrom it won't slip down. For nine days people forget their home & are identified with MOTHER'S WORSHIP.
