

## Polemics - Maha Aranyam (Big Forest)

Polemics – ie dealing with words and words about God is just like getting into a big forest (Maha Aranyam)

SABDA TALAM – The Net work of Words + Words

It will confuse you – reading books, hearing lectures, giving lectures – this indulgence in words'll result in confusing the mind (chitta)

Bradhmana – wandering in confused manner.

So We should make all efforts to go into the core of the ultimate truth – and not waste time in words. Atah = Therefore

Prayatna = effort

Kartavya = should be made

Truth is to be attained in silence by an introverted mind. That is what is to be done. Otherwise we will be lost in the jungle of words.
